

TODAY'S WAR NEWS

(By United Press)

RUSSIA AND BULGARIA REPORTED AT PEACE

Berne Jan. 10.—The newspaper Derbund declared today that a separate peace between Russia and Bulgaria has been formally signed. The information was taken from a speech before the Bulgarian Sobranie by Premier Radoslavoff.

He read a telegram from Brest Litovsk declaring a peace pact has been signed by Russia and Bulgaria. Economic relations are to be resumed. The Russian agreement permits the Bulgarians to nominate a delegate to the Danube conference. Premier Radoslavoff declared this was "the first peace pact signed by any country with the full consent of its allies." Dispatches here said a minister had been selected to proceed to Petrograd.

THE RUSS SITUATION

By Joseph Shaplen

Petrograd, Jan. 10.—Ukraine and Russia have joined hands in peace negotiations with Germany. Dispatches received from Brest Litovsk today expressed firm conviction that the delegates would arrive at some conclusion soon.

"Our soldier are ready to support our peace efforts" a high official declared, "but none of us want peace at any price. We will have peace but not the peace of the German Imperialists. Russia did not overthrow the Czar to become the object of any other kind of slavery. You may feel certain that we will have an honorable peace." The first question taken up today was that the conference be moved to some neutral city particularly Stockholm. Dispatches from the Russian delegates said they would insist that the conference stay where it is.

PARIS EXPECTS STATEMENT

Paris, Jan. 10.—The Echo d'Paris announced today that a complete list of the allies' aims would probably be issued shortly. The exact time to be decided at the meeting of the allied premiers next week.

SENATOR KENYON'S SPEECH

Washington, Jan. 10.—"America must put two million men on the French front and keep a half million more in reserve. She must refuse all German efforts to patch up peace until Prussian militarism is crushed," Senator Kenyon, of Iowa, declared today in the Senate in a speech relating his experiences on his recent trip to the French front.

Kenyon urged that the United States concentrate on ships, artillery and aircraft. "Everyone wants an honorable peace," said Kenyon, "but how can you work out peace with a mad dog. If there is to be a hell there ought to be one. It has been suggested that the Kaiser be tried before a jury of civilized citizens of the world on an indictment of the murder of millions. Let the jury decide his case before there is peace talk. What's the use of Hague conferences in the future. Do we want to sit with the Turkish partners of the Kaiser whose hands are dripping with the blood of Christian Armenians and talk peace? As a Scotch Second Lieutenant told me on the battle front, 'Of course, we do not like this; we would like to be home, but we will fight this out with the Kaiser who has no more chance of winning the war than a celluloid cat has of catching an asbestos rat in hell. Peace, yes, but not with the Hohenzollerns.'"

VATICAN SEES PROLONGED WAR

Washington, Jan. 10.—President Wilson's re-statement of war aims if enforced literally will mean an indefinitely prolonged war instead of an early peace, according to Vatican officials, it was learned through semi-official sources today. They believe the program enunciated by the President is one that Germany cannot and will not accept. While the program of the President is received with acclaim by all the Entente except Greece and some of the Balkan states the Central Powers will refuse to consider it, high church dignitaries declare. Of the 14 provisions enunciated by the President 5 or at the most 6 will be generally agreed upon, an official said today. The others are impossible at present.

TWINS BORN ON TRAIN

Pisburgh, Jan. 10.—Twins—a boy and a girl—were born to Mrs. J. B. Chessington, thirty year old wife of a rookery civil engineer at 4:30 this morning as the private car in which she was riding sped through Irwin at the rate of fifty miles an hour. The boy weighed five pounds and the girl four and a half. Mother and children were doing nicely this afternoon at the Allegheny general hospital here. Mrs. Chessington was en route to Kansas City.

BURTON SHIVERY ENLISTS

G. Burton Shivery of Woodland expects to leave today for the Rock Island Arsenal, he having enlisted there at the instance of the ordinance department. The local board furnished him with transportation and traveling expenses as under the new draft rulings each exemption board is a recruiting office itself.

BURGLARS WORK WITH GERMAN AIR RAIDERS

London, Dec. 10.—(By A.M.)—London suburbanites are beginning to ask: "Which is worse, a bomb or a burglar?" When they get the air raid warning in the suburbs, the inhabitants there of usually gather in the house of the family with the strongest cellar or a some communal dug-out. This is just what the wily burglar is waiting for, and, scoring possible bombs, he leisurely ransacks the deserted house.

THE FARMER AND THE WAR

Topsham, Kas., Jan. 9.—(By A.M.)—Plans for meeting the farm labor shortage next year will be one of the principal subjects presented to the Kansas farmers at the forty-seventh annual session of the Kansas State Agricultural Society, which began its sessions in the evening today under the auspices of the State board of agriculture. A war-time program has been prepared and many of the most important features of the program will be heard.

AGRICULTURAL SOCIETY MET YESTERDAY

Take Many Steps Necessary And Vital To The Needs of Farmers of County

ENDORSE FARM BUREAU WORK

The society met in the court house at Clearfield January 9, 1917. The forenoon session was taken up with appointment of committees and routine business. In the afternoon the reports of officers were received. The address of the President, Harrison Straw, reviewed the year's work of the society. The report of the secretary, T. L. Wall, covered the receipts and expenditures of the fair, giving the items of income and detailed list of expenditures, leaving a surplus of nearly \$1200.00. The treasurer's report covered the amounts received and paid out during the year. These reports were accepted and referred to the auditing committee. Final report to be made to the executive and fair committees. On report of the committee on constitution and by-laws the following amendment was made to the membership clause of the constitution, by two-thirds vote:

"And a fair membership of not less than \$2.00 and \$2.00 annually thereafter, said members a receive each a membership ticket entitling him or her to admission to the fair."

Resolutions were adopted: Favoring the adoption of women to membership in the society; Heartily approving the county farm bureau and asking the Commissioners to appropriate \$200.00, or more, to the work; asking all live stock breeders to attend the farm bureau meeting to be held February 27th and form an Association;

Offering a prize of 4 years membership to the person who brings in the largest number of members at the annual meeting for 1919;

In view of the shortage of livestock and the cost of maintaining the same on our farms, and that cattle can be maintained on the state land at a cost of \$2.25 per head for 5 months, the State Forestry authorities are requested to remove the restrictions from the use of these lands for pasturage and also to furnish protection from cattle thieves.

Hon. Joe E. Phillips, chairman of the public speaking bureau of the Public Safety committee for Clearfield county urged those present to arrange for having a speaker to address schools or meetings held in their localities to urge food production and conservation by farmers and others.

February 22 Washington's birthday is to be publicly day in school houses and other public places.

G. B. Wadsworth said that able bodied men in barber shops and such places should each work at least two acres of ground next summer.

Curtis Reed says that in his experience towns boys who come out to work on farms cannot be expected to get very much accomplished in the way of hard work.

Frank G. Harrison had a good word for the boy who not too much is expected of him.

Mr. Harris is in favor of making the country dry.

Mr. Phillips spoke in favor of keeping the farm boys on the farm rather than letting them go and depend on others to take their places.

A. T. Kearney on behalf of the Committee on Livestock Association reported the plan of organization is worked out by the committee.

The association to consist of breeders who own purchased livestock. The advisory committee to consist of non-purchasers to be chosen by the breeders of the different breeds of livestock by the promotion to their respective breeds.

This committee to elect an executive committee of 5 members who shall elect the officers and manage the affairs of the association.

The question of recording stock was discussed. The Pennsylvania State Association of stock raisers and the Clearfield County Association of stock raisers are both in favor of recording stock.

The fair committee is planning a fair for the year 1918. The fair will be held on the grounds of the State Farm.

The fair committee is planning a fair for the year 1918. The fair will be held on the grounds of the State Farm.

SHEEP RAISING TO BE BOOSTED BY NEW LAWS

State College Authorities Think New Measure Will Stimulate Raising of This Stock

LESS DANGER OF FLOCK LOSS

State College, Pa., Jan. 8.—The sheep industry in Pennsylvania is to receive an impetus when the new Pennsylvania dog law goes into effect on January 15, according to State college authorities. This law provides every owner of a dog six months old or more, must obtain a license from his county officials for which he must pay \$1 or \$2 for male dogs and \$2 or \$1 for females. A metal tag will accompany each license and must be worn by the dog at all times.

Further provisions of the dog law which greatly affects the sheep industry are the clauses governing night straying. These specify that all dogs shall, between sunset and sunrise, either be confined within an enclosure, firmly secured by a collar which will retain them on the premises, or under reasonable control when engaged in lawful hunting.

It is unlawful for any person to harbor any dog not having a license. Any person may kill any dog which he sees in the act of pursuing, worrying or wounding any livestock or attacking human beings. No liability shall attach to such persons. Any unlicensed dog entering a field shall constitute a private nuisance, and the owner of the field or tenant or his agent may kill such dog while it is in the field, without liability for such killing.

It shall be the duty of every police officer to seize and detain any dog hearing the proper tag and found running at large. The owner shall be notified and pay a reasonable expense incurred in holding the dog. It shall be the duty of every police officer to kill every dog which does not bear a license tag, according to the law.

Minnesota Ore Beds Are Used For Shells

(By United Press)
Virginia, Minn., Jan. 10.—Six out of every ten shells buried at the German during the coming year will be made from ore mined on the Mesabi ore range in northern Minnesota. Mine operators today estimated the 1918 production of these mines at 45,000,000 tons, but 1,000,000 tons less than in the past year.

With the exception of a futile attempt by the I. W. W. to incite a strike the Minnesota mines have been free of all industrial unrest since the United States entered the war.

Revival meeting is promised at our M. E. church in the near future. Rev. Hartman pastor.

The committee appointed for the purpose reported in favor of holding a meeting of the agricultural society at the fair.

The following officers were elected for the ensuing year:

President, Harrison Straw, Vice president, T. L. Wall, Secretary, T. L. Wall,

Treasurer, James A. McPherson, Member of fair committee, A. B. Road.

Member of stock raising committee, G. B. Wadsworth.

The fair committee is planning a fair for the year 1918. The fair will be held on the grounds of the State Farm.

Ex-Chief Morrison Asks Reinstatement

Police Department Shakeups Stir The Animals at DuBois

DuBois, Jan. 10.—George Morrison, who was deposed as chief of police at a meeting of council last Monday evening, has through his attorney instituted quo warranto proceedings and the papers will probably be served on the council some time the latter part of this month. This proceeding will call upon council to restore Mr. Morrison to his former rank in the police force, and will demand the authority for proceeding as they did in reducing him.

Mr. Morrison has formally demanded to have his badge restored to him and has also appeared before the proper authority to be sworn in as chief of police.

The contention is set up that council, in ousting Mr. Morrison as chief, exceeded its authority, the law not granting this privilege to council. It is not known that any proceedings have ever been instituted testing this point, and it is probable that if the case is carried up to the courts that it will be a matter of interest to all Third Class cities. It is stated that an inquiry of authorities in several Third Class cities has elicited the opinion that council was wrong in its action of Monday night.

Attorney Pentz is of the opinion and so stated at council Monday evening that council had the right to designate the rank of the policeman. Amplifying this opinion somewhat he stated that while the law did not specifically grant this right, it was fair to presume that this authority resided in council; otherwise, the police would not be under any restraint. He felt certain that council was entirely within its rights in designating the rank of the officers.

PROBABLE LINEUP

The signals are all doped out, the tentative line up has been agreed upon and the proper amount of ginger has been pounded into the C. H. S. basket ball team for the fray tomorrow night with Brookville.

The hundreds of lovers of basket ball in Clearfield are anxiously awaiting the shrill call of the referee's whistle and there is no doubt that late comers will have trouble getting a seat.

L. F. Dowler
R. P. Fowler
C. Fulton
L. G. Butler, Capt.
R. S. Robinson
Substitutes: Halford, Jacobson, and Wood.

Fulton is making good at center, being a good umpire, he gets the tip off nearly every time. Is strong in offensive work. Fowler and Butler are playing their usual strong game, both are stars in respective positions. Dowler at forward is the find of the season. His shooting is very accurate, his head work commendable, his passing is brilliant.

Halford Robinson and Jacobson are all working hard for a berth on the varsity.

ENTERTAINED AT DINNER

The ladies of the Priscilla Sewing club entertained at dinner at the home of Mr. and Mrs. John Forsyth on West Pine street Monday evening in honor of Mrs. N. T. Cole who is a member of the club and is leaving this week for her new home in Garding, N. Y. A sumptuous six course dinner was served at 7:30 on daintily arranged tables in the spacious living room, the decorations being pink and green. During the evening an elegant time was had playing cards, dancing and enjoying the wonderful music on the Edison. The following ladies and their husbands report a fine time.

Mr. and Mrs. N. T. Cole, Mr. and Mrs. Harry Knapp, Mr. and Mrs. Morris Winkley, Mr. and Mrs. John Noll, Mr. and Mrs. Fred Halford, Mr. and Mrs. Scott McKelvey, Mr. and Mrs. Barton, Mr. and Mrs. Hile, Mr. and Mrs. Mrs. Smeal, Mr. and Mrs. Jack Mooney, Mr. and Mrs. John Bain, Mr. and Mrs. John Moore, Mr. and Mrs. Sahm, Mr. and Mrs. Sheridan Curry, Mrs. Charles York, Mrs. Pearl Moore, Mrs. McMurray and Mrs. Leland.

VIOLINIST HERE TONIGHT

Joseph H. Bergman, an noted and well known violinist, will play selections at Tyrone this morning and will be heard here until the 15th of the month. However, the concert will be held at that time and the opportunity of hearing the most wonderful violinist in the world will be given to a large number of local people.

Suffrage Amendment Will Pass House This Evening

All Political Factions Agree That The Susan B. Anthony Amendment Will Have Large Majority

INFLUENCE OF THE PRESIDENT IS FELT

(By United Press)

Washington Jan. 10.—Passage of the Susan B. Anthony suffrage amendment but the house is forecasted by politicians of all ranks today. An overwhelming majority in favor of the amendment was looked for. This is the 40th anniversary today of the bill's first introduction.

Washington, Jan. 10.—The House immediately after convening started the debate. Miss Jeannette Rankin, carrying a bouquet of roses given her by the National Suffrage Association, lead the Republican's debate while Representative Raker, chairman of the Suffrage committee took the floor for the Democrats. Representative Meeker was the Republican floor leader for the "antis" and Representative Clark lead the Democratic opposition.

Dr. Anna Howard Shaw and Mrs. Carrie Chapman Catt occupied the speakers' gallery. Miss Rankin opened the debate amid a great ovation from the members of the House. Every one cheered and applauded.

Both sides agreed that there should be no party lines. The time limit for debate was extended from four hours to four and three-quarters which will probably mean that the vote will not be taken until 5:30. Representative Gordan made a bitter attack on the amendment saying it was treason for the men to vote for it.

INTEREST BEING PAID ON COUNTY'S BANK DEPOSITS

Check for \$1,278.75 on Year's Daily Balances Received by County Treasurer

County Treasurer W. T. Knecht today received a check for \$1,278.75 from the Lock Haven Trust and Safe Deposit company, the sum being that accrued interest on daily balances of the deposit of the county's funds, and is a New Year's gift to the taxpayers of the county.

Knowing that the city of Lock Haven and other municipalities and counties get interest on daily balances where goodly sums are deposited, Treasurer Knecht, at the beginning of his administration, saw to it that like interest was secured on the county's deposits, and the result of his efforts is seen in the check received today.—Lock Haven Express.

COURT NOTES

Judge Bell will hold naturalization court tomorrow (Friday). A representative of the U. S. department of labor will be present to assist in the examination of prospective citizens.

District Attorney has arranged to have a byew of wife deserters face Judge Bell at a session of desertion court Saturday morning.

Clearfield county entertained fifty-six convicts in the Western penitentiary during 1917 and their keeping cost the taxpayers a total of \$10,768.10.

A. R. Chase, Esq., on behalf of Grant Wood filed an answer in the case of Grampian Borough vs. Wood, which is an action brought by the borough to collect the cost of laying a sidewalk in front of the Wood property on Main street. In the answer Mr. Wood seeks to escape responsibility by saying that the sidewalk does not adjoin or connect with the property but connects with the sidewalk in front of James.

Pontz & Pontz entered suit in the Prothonotary's office this morning on behalf of P. J. Co. against Geo. J. Wildauer, W. P. Schaeffer and Fred Bergermuth, under a \$1000 bond. The plaintiff's statement alleges that he paid Schaeffer \$2200 for the pond room, building, etc., and a residence at 228 W. Long avenue in April of 1917, but later discovered that at times listed in the title of a deed amounting to \$1700 was not the property of the concern which sold and was later claimed by the plaintiff. The suit is to recover the balance of the \$2200 paid for the pond room.

The wages of local war veterans are drawing 25 percent more in their pensions monthly in our town being increased from \$26 to \$32 per month.

Winburne Miner Dies As Result Of Fall

Tumbles Over While Getting Drinking Water and Fractures Skull

John Lynough, aged about 50 years a miner employed by the Hopewington Coal company at Winburne, fell to the floor in the power house at one of his mines and received injuries which resulted in his death almost instantly. Lynough was on his way to work at the mine this morning about 7 o'clock and stepped into the power house to fill his bucket with drinking water. While leaning over the spigot he was seen to fall and when those who witnessed the accident went over to raise him to his feet they found the man breathing his last.

It is thought that he fractured his skull in falling, while it is also contended the man suffered a stroke of apoplexy.

An autopsy will no doubt be necessary in order to determine the exact cause of death and to fix the possible liability for compensation. The deceased leaves a wife and four children in Antrim, Tioga county, Pa.

NOTICE

Erin, Pa., January 9, 1918
Local Board No. 1 for Clearfield:
The district board is in receipt of many affidavits from registrants desiring deferred classification in industrial and agricultural cases, as well as in cases where appeal is taken from classification given by local boards and request that you give what publicity is possible, to the people in your districts, relative to the fact that all affidavits must be filed with the local boards.

Very truly yours
MILTON W. SHREVE
Of District Board

John Shea or had the painful misfortune the other day to get a very bad cut on his head the results of trying to open the postum belly on a cold can in the back works siding, when the large screw slipped from his grasp and hit him on the head.

COMING

We are pleased to announce that Mr. A. T. Kearney has in preparation a series of articles dealing with matters of interest to the farmers which will be presented in The Progress at an early date.

TIN CANS

An odd subject for editorial mention but just as important as coal or gas to the housekeeper. There is no end to the good uses that can be made of the tin cans in which we buy our table food, particularly the syrup cans which have a lid that pries off without injury to the can or the lid itself. We know of one housekeeper who saved fourteen such syrup cans last winter and this winter they are serving as tomato cans in her cellar. A few of these have been opened and the tomatoes are of the finest. A glance at the borough dump shows thousands of these cans which with a little washing, thorough drying and care could have been made to help conserve the supply of glass jars and tin cans which have to be bought to hold fruits and vegetables. Save your tin cans. Glass jars will be higher next canning season and tin cans will be out of the question for home canning except those procured in the manner suggested herewith.

THE WOMEN WIN

We may not be far wrong when we state at three o'clock this afternoon that the women have won their fight for the franchise as while the vote has not yet been taken every indication points to an overwhelming vote in favor of the Susan B. Anthony amendment to the constitution. Apparently the enfranchisement of women is in a certain sense a war measure. In every great undertaking the government has engaged the women of the nation have been standing shoulder to shoulder ready to work and to sacrifice that which was most dear to them.

Not a woman raised her hand against the registration of their sons for military service even though they realized that the registration of them was merely the first step to actual service in "No Man's Land". Later, when the call came, it was not the mothers who begged their sons to turn a deaf ear to the call of duty. Their sacrifice was great but their conception of the greatness of the task before our enlightened nation was we think a little clearer than that of the men. Women are quicker to see an injustice and quicker to insist on a correction of improper conditions. And after so many boys went into the service their best protectors and guardians have been the ever working women who have left not one stone unturned in their efforts to provide the necessities of a military life. The women have won a deserved favor.

HELD HIS FIRST HEARING

Mayor John M. Chase has arranged to hold police court during his term and had his first hearing in the council room yesterday morning. A citizen from one of the outlying precincts had looked upon the wine when it was red to such an extent that he fell into the hands of the police Monday night. When the mayor heard his tale of woe he said, "Well, we will have to fine you \$10 and costs, have you any money." The prisoner went through his pockets and dug up four nickels. Whereupon the mayor informed him that he would suspend the sentence this time, with the understanding that if he landed in the calaboose again, the fine would be immediately due and payable. He was then allowed to go his way after promising to get on the water wagon and stay there.

MADE RUN FROM RENOVO TO LOCK HAVEN ON THE RIVER

Covered Twenty-nine Miles in Motor Cars For First Time, As Far as Is Known

John Kurcz, Glenn Sigsoe, C. Colne and Charles Klinefelter, of North Bend, Jesse Barna of Haven and Harry Scanshaw of Renovo drove to Lock Haven on Sunday in a motor car. This is the first time in the history of the West Branch valley this has been possible to accomplish although a few years past before the advent of motor cars long distances were occasionally covered on the ice by sleds and other horse drawn vehicles.

CURWENSVILLE

Joe V. Co was home from Camp Lee Va. on a short furlough.

The buffers resumed their work at the P. H. & L. tannery yesterday after a couple day's off duty.

Mr. and Mrs. Harry Miller and children of Tyrone visited the for mer's parents Mr. and Mrs. Charles Miller of South Side this week.

Union services in the A. M. F. church Friday evening. Rev. S. C. Watts will deliver the sermon.

Mrs. Frank C. Everett is spending a few days at Paunice where Mr. Everett is employed at the mine.

Thomas Read, of Tyrone, was a recent visitor with his parents Mr. and Mrs. M. V. Read on Ridge avenue.

Mrs. Elsie Sheffer and Mrs. Rogers, of Clearfield visited at the home of Mrs. R. H. Robison on their person street yesterday.

Fred Pilkington is transacting business in Johnstown.

The school class held a party Friday evening at the home of Miss Elizabeth Whitaker at Bridgeport.

honor of her late son. After spending a most delightful evening, in game and most delicious refreshments were served for which all departed in a happy mood.

Wm. M. Jones of Pittsburg is visiting his sister Mrs. M. I. Kirtel.

Mr. J. F. Coan of Tyrone is visiting his parents Mr. and Mrs. David Cochran.

Mrs. Norris Jones of Bridgeport is visiting her daughter Mr. M. I. Kirtel.

RECRUITING OFFICER HERE

The recruiting officer from DuBois passed through here today enroute to his station. He will be here again on Tuesday and may be seen at the Post Office.

MEETINGS INCREASING IN INTEREST

The union evangelistic meeting at the U. B. Church are increasing wonderfully in interest. Rev. Collins preached a great sermon last night on Repentance.

The attendance is increasing each night. There were several conversions last night.

The meetings are free and all are invited to attend.

TODAY'S WAR NEWS

(By United Press)

RUSSIA AND BULGARIA REPORTED AT PEACE

Berne Jan. 10.—The newspaper Derbund declared today that a separate peace between Russia and Bulgaria has been formally signed. The information was taken from a speech before the Bulgarian Sobranie by Premier Radoslavoff.

He read a telegram from Brest Litovsk declaring a peace pact has been signed by Russia and Bulgaria. Economic relations are to be resumed. The Russian agreement permits the Bulgarians to nominate a delegate to the Danube conference. Premier Radoslavoff declared this was "the first peace pact signed by any country with the full consent of its allies." Dispatches here said a minister had been selected to proceed to Petrograd.

THE RUSS SITUATION

By Joseph Shaplen

Petrograd, Jan. 10.—Ukraine and Russia have joined hands in peace negotiations with Germany. Dispatches received from Brest Litovsk today expressed firm conviction that the delegates would arrive at some conclusion soon.

"Our soldier are ready to support our peace efforts" a high official declared, "but none of us want peace at any price. We will have peace but not the peace of the German Imperialists. Russia did not overthrow the Czar to become the object of any other kind of slavery. You may feel certain that we will have an honorable peace." The first question taken up today was that the conference be moved to some neutral city particularly Stockholm. Dispatches from the Russian delegates said they would insist that the conference stay where it is.

PARIS EXPECTS STATEMENT

Paris, Jan. 10.—The Echo d'Paris announced today that a complete list of the allies' aims would probably be issued shortly. The exact time to be decided at the meeting of the allied premiers next week.

SENATOR KENYON'S SPEECH

Washington, Jan. 10.—"America must put two million men on the French front and keep a half million more in reserve. She must refuse all German efforts to patch up peace until Prussian militarism is crushed," Senator Kenyon, of Iowa, declared today in the Senate in a speech relating his experiences on his recent trip to the French front.

Kenyon urged that the United States concentrate on ships, artillery and aircraft. "Everyone wants an honorable peace," said Kenyon, "but how can you work out peace with a mad dog. If there is to be a hell there ought to be one. It has been suggested that the Kaiser be tried before a jury of civilized citizens of the world on an indictment of the murder of millions. Let the jury decide his case before there is peace talk. What's the use of Hague conferences in the future. Do we want to sit with the Turkish partners of the Kaiser whose hands are dripping with the blood of Christian Armenians and talk peace? As a Scotch Second Lieutenant told me on the battle front, 'Of course, we do not like this; we would like to be home, but we will fight this out with the Kaiser who has no more chance of winning the war than a celluloid cat has of catching an asbestos rat in hell. Peace, yes, but not with the Hohenzollerns.'"

VATICAN SEES PROLONGED WAR

Washington, Jan. 10.—President Wilson's re-statement of war aims if enforced literally will mean an indefinitely prolonged war instead of an early peace, according to Vatican officials, it was learned through semi-official sources today. They believe the program enunciated by the President is one that Germany cannot and will not accept. While the program of the President is received with acclaim by all the Entente except Greece and some of the Balkan states the Central Powers will refuse to consider it, high church dignitaries declare. Of the 14 provisions enunciated by the President 5 or at the most 6 will be generally agreed upon, an official said today. The others are impossible at present.

TWINS BORN ON TRAIN

Pisburgh, Jan. 10.—Twins—a boy and a girl—were born to Mrs. J. B. Chessioning, thirty year old wife of a rookery civil engineer at 4:30 this morning as the private car in which she was riding sped through Irwin at the rate of fifty miles an hour. The boy weighed five pounds and the girl four and a half. Mother and children were doing nicely this afternoon at the Allegheny general hospital here. Mrs. Chessioning was en route to Kansas City.

BURTON SHIVERY ENLISTS

G. Burton Shivery of Woodland expects to leave today for the Rock Island Arsenal, he having enlisted there at the instance of the ordinance department. The local board furnished him with transportation and traveling expenses as under the new draft rulings each exemption board is a recruiting office itself.

BURGLARS WORK WITH GERMAN AIR RAIDERS

London, Dec. 10.—(By A.M.)—London suburbanites are beginning to ask: "Which is worse, a bomb or a burglar?" When they get the air raid warning in the suburbs, the inhabitants there of usually gather in the house of the family with the strongest cellar or a some communal dug-out. This is just what the wily burglar is waiting for, and, scanning possible bombs, he leisurely ransacks the deserted house.

THE FARMER AND THE WAR

Topsham, Kas., Jan. 9.—(By A.M.)—Plans for meeting the farm labor situation next year will be one of the principal subjects presented to the Kansas farmers at the forty-seventh annual session of the Kansas State Agricultural Society, which began its sessions in the evening today under the auspices of the State board of agriculture. A winter meeting program has been prepared and many of the most noted farm and livestock authorities distributed to farmers by means of leaflets and will be heard.

AGRICULTURAL SOCIETY MET YESTERDAY

Take Many Steps Necessary And Vital To The Needs of Farmers of County

ENDORSE FARM BUREAU WORK

The society met in the court house at Clearfield January 9, 1917. The forenoon session was taken up with appointment of committees and routine business. In the afternoon the reports of officers were received. The address of the President, Harrison Straw, reviewed the year's work of the society. The report of the secretary, T. L. Wall, covered the receipts and expenditures of the fair, giving the items of income and detailed list of expenditures, leaving a surplus of nearly \$1200.00. The treasurer's report covered the amounts received and paid out during the year. These reports were accepted and referred to the Auditing committee. Final report to be made to the executive and fair committees. On report of the committee on constitution and by-laws the following amendment was made to the membership clause of the constitution, by two-thirds vote:

"And a fair membership of not less than \$2.00 and \$2.00 annually thereafter, said members a receive each a membership ticket entitling him or her to admission to the fair. Resolutions were adopted:

Favoring the adoption of women to membership in the society; Heartily approving the county farm bureau and asking the Commissioners to appropriate \$200.00, or more, to the work; asking all live stock breeders to attend the farm bureau meeting to be held February 27th and form an Association;

Offering a prize of 4 years membership to the person who brings in the largest number of members at the annual meeting for 1919;

In view of the shortage of livestock and the cost of maintaining the same on our farms, and that cattle can be maintained on the state land at a cost of \$2.25 per head for 5 months, the State Forestry authorities are requested to remove the restrictions from the use of these lands for pasturage and also to furnish protection from cattle thieves.

Hon. Joe E. Phillips, chairman of the public speaking bureau of the Public Safety committee for Clearfield county urged those present to arrange for having a speaker to address schools or meetings held in their localities to urge food production and conservation by farmers and others.

February 22 Washington's birthday is to be publicly day in school houses and other public places.

G. B. Wadsworth said that able bodied men in barber shops and such places should each work at least two acres of ground next summer.

Curtis Reed says that in his experience towns boys who come out to work on farms cannot be expected to get very much accomplished in the way of hard work.

Frank G. Harrison had a good word for the boy who not too much is expected of him.

Mr. Harris is in favor of making the country dry.

Mr. Phillips spoke in favor of keeping the farm boys on the farm rather than letting them go and depend on others to take their places.

A. T. Kearney on behalf of the Committee on Livestock Association reported the plan of organization is worked out by the committee.

The association to consist of breeders who own purchased livestock. The advisory committee to consist of non-purchasers to be chosen by the breeders of the different breeds of livestock by the promotion to their respective breeds. This committee to elect an executive committee of 5 members who shall elect the officers and manage the affairs of the association.

The question of recording stock was discussed. The Pennsylvania State Association of stock raisers and the Clearfield County Association of stock raisers are both working for the same end.

The fair committee is now working on the plan of having a fair on the farm rather than in the city. The fair will be held on the farm and the fair committee will be in charge of the fair.

The fair committee is now working on the plan of having a fair on the farm rather than in the city. The fair will be held on the farm and the fair committee will be in charge of the fair.

SHEEP RAISING TO BE BOOSTED BY NEW LAWS

State College Authorities Think New Measure Will Stimulate Raising of This Stock

LESS DANGER OF FLOCK LOSS

State College, Pa., Jan. 8.—The sheep industry in Pennsylvania is to receive an impetus when the new Pennsylvania dog law goes into effect on January 15, according to State college authorities. This law provides every owner of a dog six months old or more, must obtain a license from his county officials for which he must pay \$1 or \$2 for male dogs and \$2 or \$1 for females. A metal tag will accompany each license and must be worn by the dog at all times.

Further provisions of the dog law which greatly affects the sheep industry are the clauses governing night straying. These specify that all dogs shall, between sunset and sunrise, either be confined within an enclosure, firmly secured by a collar which will retain them on the premises, or under reasonable control when engaged in lawful hunting.

It is unlawful for any person to harbor any dog not having a license. Any person may kill any dog which he sees in the act of pursuing, worrying or wounding any livestock or attacking human beings. No liability shall attach to such persons. Any unlicensed dog entering a field shall constitute a private nuisance, and the owner of the field or tenant or his agent may kill such dog while it is in the field, without liability for such killing.

It shall be the duty of every police officer to seize and detain any dog hearing the proper tag and found running at large. The owner shall be notified and pay a reasonable expense incurred in holding the dog. It shall be the duty of every police officer to kill every dog which does not bear a license tag, according to the law.

Minnesota Ore Beds Are Used For Shells

(By United Press)
Virginia, Minn., Jan. 10.—Six out of every ten shells buried at the German during the coming year will be made from ore mined on the Mesabi ore range in northern Minnesota. Mine operators today estimated the 1918 production of these mines at 45,000,000 tons, but 1,000,000 tons less than in the past year.

With the exception of a futile attempt by the I. W. W. to incite a strike the Minnesota mines have been free of all industrial unrest since the United States entered the war.

Revival meeting is promised at our M. E. church in the near future. Rev. Hartman pastor.

The committee appointed for the purpose reported in favor of holding a meeting of the agricultural society at the fair.

The following officers were elected for the ensuing year:

President, Harrison Straw, Vice president, T. L. Wall, Secretary, T. L. Wall,

Treasurer, James A. McPherson, Member of fair committee, A. B. Road.

Member of stock raising committee, G. B. Wadsworth.

The fair discussion is based upon winter efforts to make a better agricultural display at the fair to be held September 15, 16 and 17, 1917.

On motion a resolution was passed that the fair committee be authorized to have a fair on the farm rather than in the city.

The fair committee is now working on the plan of having a fair on the farm rather than in the city. The fair will be held on the farm and the fair committee will be in charge of the fair.

The fair committee is now working on the plan of having a fair on the farm rather than in the city. The fair will be held on the farm and the fair committee will be in charge of the fair.

Ex-Chief Morrison Asks Reinstatement

Police Department Shakeup Stirs The Animals at DuBois

DuBois, Jan. 10.—George Morrison, who was deposed as chief of police at a meeting of council last Monday evening, has through his attorney instituted quo warranto proceedings and the papers will probably be served on the council some time the latter part of this month. This proceeding will call upon council to restore Mr. Morrison to his former rank in the police force, and will demand the authority for proceeding as they did in reducing him.

Mr. Morrison has formally demanded to have his badge restored to him and has also appeared before the proper authority to be sworn in as chief of police.

The contention is set up that council, in ousting Mr. Morrison as chief, exceeded its authority, the law not granting this privilege to council. It is not known that any proceedings have ever been instituted testing this point, and it is probable that if the case is carried up to the courts that it will be a matter of interest to all Third Class cities. It is stated that an inquiry of authorities in several Third Class cities has elicited the opinion that council was wrong in its action of Monday night.

Attorney Pentz is of the opinion and so stated at council Monday evening that council had the right to designate the rank of the policeman. Amplifying this opinion somewhat he stated that while the law did not specifically grant this right, it was fair to presume that this authority resided in council; otherwise, the police would not be under any restraint. He felt certain that council was entirely within its rights in designating the rank of the officers.

PROBABLE LINEUP

The signals are all doped out, the tentative line up has been agreed upon and the proper amount of ginger has been pounded into the C. H. S. basket ball team for the fray tomorrow night with Brookville.

The hundreds of lovers of basket ball in Clearfield are anxiously awaiting the shrill call of the referee's whistle and there is no doubt that late comers will have trouble getting a seat.

L. F. Dowler
R. P. Fowler
C. Fulton
L. G. Butler, Capt.
R. S. Robinson
Substitutes: Halford, Jacobson, and Wood.

Fulton is making good at center, being a good umpire, he gets the tip off nearly every time. Is strong in offensive work. Fowler and Butler are playing their usual strong game, both are stars in respective positions. Dowler at forward is the find of the season. His shooting is very accurate, his head work commendable, his passing is brilliant.

Halford Robinson and Jacobson are all working hard for a berth on the varsity.

ENTERTAINED AT DINNER

The ladies of the Priscilla Sewing club entertained at dinner at the home of Mr. and Mrs. John Forsyth on West Pine street Monday evening in honor of Mrs. N. T. Cole who is a member of the club and is leaving this week for her new home in Garding, N. Y. A sumptuous six course dinner was served at 7:30 on daintily arranged tables in the spacious living room, the decorations being pink and green. During the evening an elegant time was had playing cards, dancing and enjoying the wonderful music on the Edison. The following ladies and their husbands report a fine time.

Mr. and Mrs. N. T. Cole, Mr. and Mrs. Harry Knapp, Mr. and Mrs. Morris Winkley, Mr. and Mrs. John Noll, Mr. and Mrs. Fred Halford, Mr. and Mrs. Scott McKelvey, Mr. and Mrs. Barton, Mr. and Mrs. Hile, Mr. and Mrs. Mrs. Smeal, Mr. and Mrs. Jack Mooney, Mr. and Mrs. John Bain, Mr. and Mrs. John Moore, Mr. and Mrs. Sahm, Mr. and Mrs. Sheridan Curry, Mrs. Charles York, Mrs. Pearl Moore, Mrs. McMurray and Mrs. Leland.

VIOLINIST HERE TONIGHT

Joseph H. Bergman, an noted and well known violinist, will play selections at Tyrone this morning and will be heard here until the 15th of the month. However, the concert will be held at that time and the opportunity of hearing the most wonderful violinist in the world will be given to a large number of local people.

Suffrage Amendment Will Pass House This Evening

All Political Factions Agree That The Susan B. Anthony Amendment Will Have Large Majority

INFLUENCE OF THE PRESIDENT IS FELT

(By United Press)

Washington Jan. 10.—Passage of the Susan B. Anthony suffrage amendment but the house is forecasted by politicians of all ranks today. An overwhelming majority in favor of the amendment was looked for. This is the 40th anniversary today of the bill's first introduction.

Washington, Jan. 10.—The House immediately after convening started the debate. Miss Jeannette Rankin, carrying a bouquet of roses given her by the National Suffrage Association, lead the Republican's debate while Representative Raker, chairman of the Suffrage committee took the floor for the Democrats.

Representative Meeker was the Republican floor leader for the "antis" and Representative Clark lead the Democratic opposition.

Dr. Anna Howard Shaw and Mrs. Carrie Chapman Catt occupied the speakers' gallery. Miss Rankin opened the debate amid a great ovation from the members of the House. Every one cheered and applauded.

Both sides agreed that there should be no party lines. The time limit for debate was extended from four hours to four and three-quarters which will probably mean that the vote will not be taken until 5:30. Representative Gordan made a bitter attack on the amendment saying it was treason for the men to vote for it.

INTEREST BEING PAID ON COUNTY'S BANK DEPOSITS

Check for \$1,278.75 on Year's Daily Balances Received by County Treasurer

County Treasurer W. T. Knecht today received a check for \$1,278.75 from the Lock Haven Trust and Safe Deposit company, the sum being that accrued interest on daily balances of the deposit of the county's funds, and is a New Year's gift to the taxpayers of the county.

Knowing that the city of Lock Haven and other municipalities and counties get interest on daily balances where goodly sums are deposited, Treasurer Knecht, at the beginning of his administration, saw to it that like interest was secured on the county's deposits, and the result of his efforts is seen in the check received today.—Lock Haven Express.

COURT NOTES

Judge Bell will hold naturalization court tomorrow (Friday). A representative of the U. S. department of labor will be present to assist in the examination of prospective citizens.

District Attorney has arranged to have a byew of wife deserters face Judge Bell at a session of desertion court Saturday morning.

Clearfield county entertained fifty-six convicts in the Western penitentiary during 1917 and their keeping cost the taxpayers a total of \$10,768.10.

A. R. Chase, Esq., on behalf of Grant Wood filed an answer in the case of Grampian Borough vs. Wood, which is an action brought by the borough to collect the cost of laying a sidewalk in front of the Wood property on Main street. In the answer Mr. Wood seeks to escape responsibility by saying that the sidewalk does not adjoin or connect with the property but connects with the sidewalk in front of James.

Pontz & Pontz entered suit in the Prothonotary's office this morning on behalf of P. J. Co. against Geo. J. Wildauer, W. P. Schaeffer and Fred Bergermuth, under a \$1000 bond. The plaintiff's attorneys allege that he paid Schaeffer \$2,000 for the pool room, bowling alley and cafe situated at 228 W. Long avenue in April of 1917, but later discovered that at times listed in the list of persons amounting to \$1700 was not the property of the concern which sold and was later claimed by the plaintiff's attorneys. The suit to recover the balance of the \$2,000 was filed.

The wages of local war veterans are drawing 25 percent more in their pensions monthly in our town being increased from \$26 to \$32 per month.

Winburne Miner Dies As Result Of Fall

Tumbles Over While Getting Drinking Water and Fractures Skull

John Lynough, aged about 50 years a miner employed by the Hopewell Coal company at Winburne, fell to the floor in the power house at one of his mines and received injuries which resulted in his death almost instantly. Lynough was on his way to work at the mine this morning about 7 o'clock and stepped into the power house to fill his bucket with drinking water. While leaning over the spigot he was seen to fall and when those who witnessed the accident went over to raise him to his feet they found the man breathing his last.

It is thought that he fractured his skull in falling, while it is also contended the man suffered a stroke of apoplexy.

An autopsy will no doubt be necessary in order to determine the exact cause of death and to fix the possible liability for compensation. The deceased leaves a wife and four children in Antrim, Tioga county, Pa.

NOTICE

Erin, Pa., January 9, 1918
Local Board No. 1 for Clearfield:
The district board is in receipt of many affidavits from registrants desiring deferred classification in industrial and agricultural cases, as well as in cases where appeal is taken from classification given by local boards and request that you give what publicity is possible, to the people in your districts, relative to the fact that all affidavits must be filed with the local boards.

Very truly yours
MILTON W. SHREVE
Of District Board

John Shea or had the painful misfortune the other day to get a very bad cut on his head the results of trying to open the postum belly on a cold can in the back works siding, when the large wrench slipped from his grasp and hit him on the head.

Knights of Columbus War Fund

The Knights of Columbus need for immediate use in establishing and maintaining war recreation centres at home and overseas THREE MILLION DOLLARS, of which sum One Million Dollars have already been contributed principally by their members.

Both the Y. M. C. A. and the K. of C., furnish recreation centres for all regardless of creed. The religious needs of non-Catholics in the camps are supplied by the Y. M. C. A.; those of Catholics, comprising about forty per cent. of the men in the Service, by the K. of C.

The buildings will be open to all at all times; no private meetings. No society affairs behind closed doors.

They are for all the soldiers all the time.

The Knights of Columbus must render this help overseas as well as at home and in addition, Pope Benedict has asked them to help support the American Red Cross in special work.

The only expense in connection with this fund is the publication of this advertisement and an office in Washington. No paid agents; no commissions. The general administration will be under the officers and clerical staff of the Knights of Columbus and not charged against this fund. Their bonded officers now responsible for Eight Millions Insurance Funds will handle all money.

Will you help our soldiers here and overseas?

Make check payable to Knights of Columbus War Camp Fund.

This movement is endorsed by:

Hon. Woodrow Wilson, President of the United States.

Hon. Theodore Roosevelt, Ex-President of the United States.

Hon. William H. Taft, Ex-President of the United States.

Hon. Newton D. Baker, Secretary of War.

Hon. Raymond B. Fosdick, Chairman War Department committee on Training Camp Activities.

Hon. William Jennings Bryan, Ex-Secretary of State.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chubskins, frost-bitten feet—colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

CLEAN THE SNOW OFF YOUR WALKS!

Don't let it accumulate until someone falls and you're facing some sort of legal entanglement. With such snow shovels as these with a strong ash handle, a heavily reinforced galvanized iron apron and a tempered steel edge that won't turn up every time you strike a high spot on the walk there's no excuse for having a snowy walk in front of your house.

\$1.00

Buy FURS Now!

No telling what the fur market is going to be next year. They may be classed as among the non-essentials and be extremely hard to get. If you are forehanded, you'll take advantage of this reduction and possess yourself of at least one piece of these furs.

10 Per Cent Off

There isn't many of a kind. But the entire lot presents a wide variety from which to select a warm cozy set for this zero weather that we're being handed out.

There's lynx, coney and Russian mink in the assortments of muffs, neckpieces and sets, for the older folks and pretty white fur sets for the youngsters.

Use this pure oil from corn for *economy* and *quality* in deep frying, sautéing, shortening

MAZOLA

THE Food Administration's plans for saving butter, lard and suet—the housewife's desire to get the most and the best out of every dollar—these are the main reasons for using Mazola, the pure and wholesome vegetable oil.

Mazola makes fried food deliciously crisp and easy to digest—free from greasiness or sogginess.

And it is so much more economical than butter, lard or compounds as it can be used over and over again—does not transmit taste or odor from one food to another.

You can be sure of the purity of Mazola since it comes from an edible source—golden American corn.

Use Mazola for deep frying, sautéing or shortening and you will find that foods retain all of their natural flavor.

And if you want an especially delicious French dressing or mayonnaise, make it with Mazola.

Get Mazola from your grocer in pint, quart, half-gallon or gallon tins. The large sizes give greatest economy. Also ask for the free Mazola Book of Recipes or write us direct.

Your money refunded if Mazola does not give entire satisfaction.
